

Bo Marlick

Bo,
You are a crazy old boy.
We really enjoyed these 4
years of high school. Keep
in touch after we graduate
and stay as cool as ever.

P.S. It's been great having you in
5th period. Although you're a pain
in the ass sometimes, you're still
fun to be around. Stay cute
and sweet and have a little
hell this summer.

^{to} My Sweetheart, Bo!!

I don't know where to begin! It's hard to write what I want to say. You mean so much to me. Thanks for being there when I need you and thanks for all the love you give me. You make me so happy!!!

Just think, we've been together for such a long time and my love for you is immeasurable. I think the Lord made us for each other. I ~~hope~~ know our relationship will continue to grow, and grow, and grow some more.

I want you to know, that no matter what comes of us, I will always love you and that I will always be here for you! I think a boyfriend is the best kind of a friend a girl could ask for, especially if they're like you.

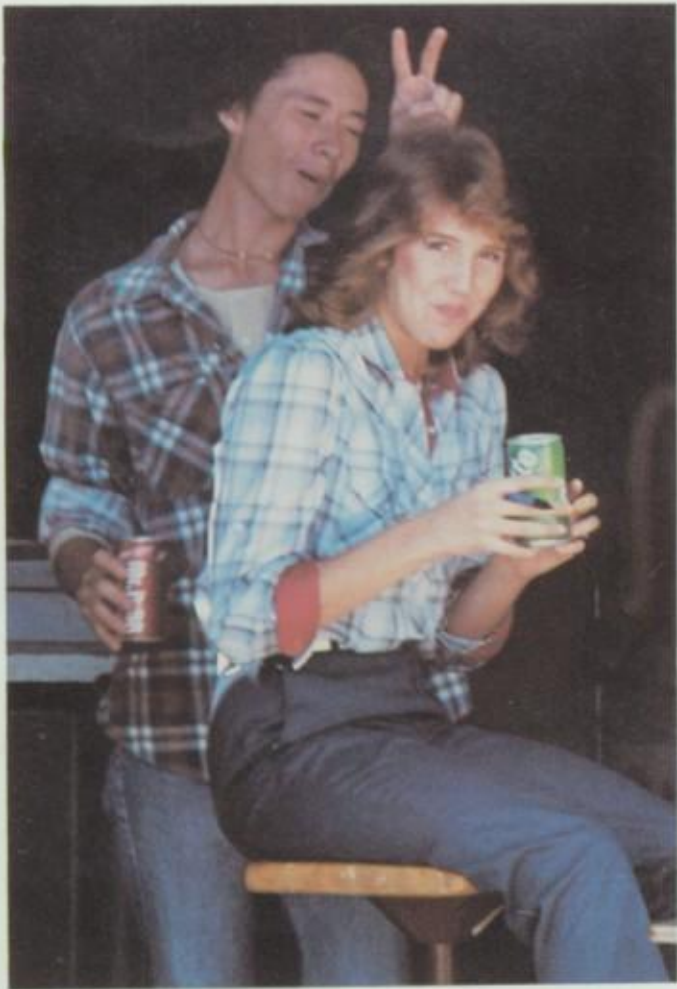

you have made my life complete. I'm so glad you're mine and I'm gonna hold on to you always. If not physically, then in my heart for sure!!! I Love You Bo. Please don't ever forget that!! you're little lock!

Governor's honors '81

" Programs "

Communications
Executive
Management

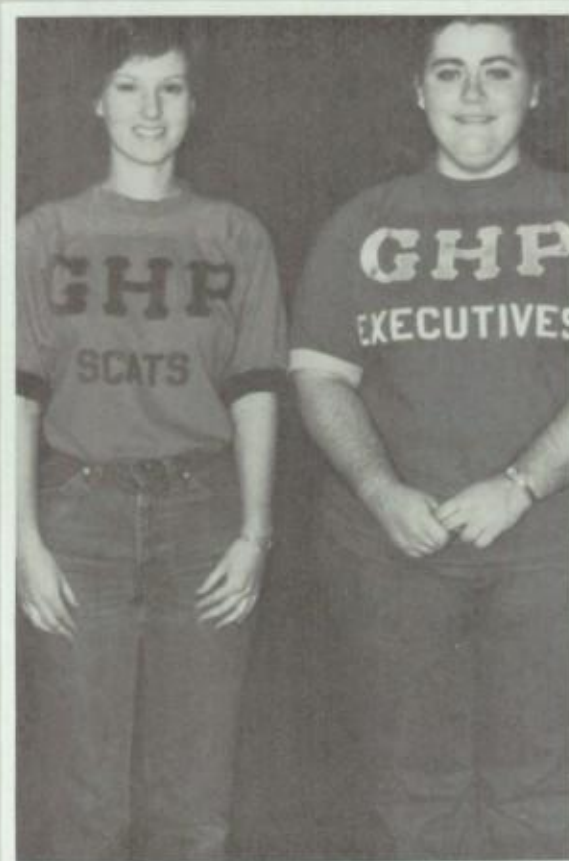

This past summer I spent six weeks at Valdosta State College as a Governor's Honors participant. Being a part of that program was truly the greatest experience I have ever encountered.

As a Communications (English) major, I studied the various aspects of communicating with others, concentrating in the mass media. Four and one-half hours, six days a week were spent in major area classes.

In addition to my major area, I spent several hours each day in interest areas. These electives included aerobic dance, weight-lifting, modern dance, and career development.

These six weeks of college life were the best I have ever known. My experience as a G.H.P. participant will never be forgotten.

--Pamela Baulineau

The memories that I keep from my six weeks as a Governor's Honors participant are some that will be cherished by me forever. The classes and learning experiences were wonderful.

My major area was Executive Management, but I also participated in Calligraphy, the art of writing, and I worked backstage at the two plays that were performed.

For six weeks we lived in a dorm and got a taste of true college life.

We enjoyed dances, concerts, and plays, all performed by fellow students. Governor's Honors is truly a remarkable experience.

The main goal of the HHS math club is to promote an interest in mathematics. At our weekly meetings we have practice ciphering sessions to prepare us for competitions. These math meets involve high schools throughout Georgia and are sponsored by various colleges. In addition, our club is a member of the Georgia Mathematics League. Despite the hard work we have a good deal of fun. The opportunity to work closely together has helped all of us.

The HHS French Club enjoys activities that are intended to inspire further interest in the study of foreign languages. This year they have worked on money raising projects such as preparing crepes at the country fair. Proceeds from their projects bought T-shirts for club members as well as paid for a Christmas dinner at a local French restaurant. A "taste of France" party was enjoyed at the end of the school year.

The HHS Band provides an instrumental and performance outlet for the students of the high school. Concert work, halftime performances, and participation in parades, as well as competition against other performers, highlight the activities of the Band throughout the year. Band participation comes in many forms: Rebels, Majorettes, Flag Girls, Solo Twirler, Percussion, Woodwinds, Brass, and Drum Major. Under the direction of Alys Kirkland, the Band provides an important rallying point and leadership force for the entire school. The work is tiring and sometimes frustrating but the end result is satisfaction and accomplishment.

## WHEN ALL IS SAID AND DONE

This years annual staff produced the largest, most expensive, and most innovative of all HHS annuals. The procedures include drawing the page, pasting up pictures, letters, and copy, doing all art and most of the pictures, laying everything out just as you see it in the book. It's a tiring and frustrating job that can tax the patience of a saint. It would be difficult to dedicate this book but if a staff ever deserved the credit, this one should be on top. Each person had a contribution that was unique to themselves. The handicaps that occur are enough to dull anyones enthusiasm. Raising \$2800 over student payments, selling ads, books, names, trying to take pictures that are always postponed, offering to do anything to give clubs a special page design, and the constant going to get more materials, tools and processing make time seem to disappear especially right before deadlines. If that's not enough, they had to start the year with an advisor who had had no intention of doing the annual this year.

Despite these and other things, the best always came out in the end. Each person was special:

To Marty: Ads would have never made it without your efforts.

To Mike: You surprised me with the Senior section, it took a lot to get it going and finished.

To Robbie: Always the salesman; you kept the book sales moving.

To Donna and Cindy: Your accountings and "telephone" ability kept us in film and information.

To "Lo": The Sophomores could never have had as great a section without your work.

To Denise: Both Superlatives and Cheerleaders came out great, it was worth the work, wasn't it?

To Angie and Teresa: I know you must see elements and typewriter keys in your sleep, you were always on time.

To Sheila and Sherl: The Juniors, ROTC, and candida are in your debt for a job well done. It was quite a fight.

To Ellisa: The Faculty took on a whole new look with your guidance and Karmen's contrariness.

To John and Pat: As rovers you two took the cake. Supplies and Freshmen section truly came alive

To Michele: Yours was the hardest and yet your leadership and total class participation helped to pull this section for Clubs and Activities together.

To Leanne: You did a lot of work and didn't lose a thing, thanks a bunch.

To Kenneth: Your photography finally caught up with your appetite, both are great.

To Sylvia and Holley: You put up with Pat and made the band a success; luv ya both for it.

To Karmen: The Opening Section work that kept us here til four (while my car was robbed) made me realize that no matter what you said, your heart was always in this book. You always came through when needed.

To Karen: You pitched in everywhere and kept spirits (mine especially) from dropping to the bottom.

To Jan: Sports was the best I've seen for overall quality and you were the force that made it so. You really didn't need help.

To Richard: Although you left us early, you left a design and a legacy that helped to carry us to the end.

For myself, I thank God for the privilege to see young people with the pride of success on their faces and in their voices. Despite the personal problems an advisor faces, these people I will cherish as friends, workers, and I love them as I do my own children. No amount of money can buy this.

Joel Smith, Advisor

to a very special man, who has taken my heart, June 19  
Bo, when I first picked up this annual and looked  
through it, I set it back down. I just couldn't bring my  
self to sign it after reading what Robin wrote  
for awhile and just thought. I thought of how much Bo  
must love you and how you must feel for her too. Bo  
then I realized that more than one person can love  
or care for the same guy, like I do. I also realized  
that all loves don't last, of course I realized that  
through my own experience. Bo, I can only try to  
explain to you what you mean to me. You are not  
just another guy, you are very much different and  
very special. Somehow you just hit the deepest and  
most sensitive part of me. When I am not with  
you, I think of you and what you mean to me. And  
when I am with you, it's moments that I'll al-  
ways cherish. I almost can always express my  
true feelings with you. Everytime I am with you  
I wish it would never end (us being together). You  
for some reason, know how to make me feel special  
or just happy. I know that I don't know you inside  
and out, but I do know that you are a warm man  
with a great heart, that will never stop loving  
or caring. I am like you say, a very negative per-  
son, but that is just my insecurities coming  
out. I do trust you and believe in what you  
say, and I want you to know that you will al-  
ways have a special hold on me. When and if we do  
for reasons drift apart, I'll always remember  
the special times you have given me. I know  
that one day I won't have you here with me, but  
least I did have a chance to be with you and  
those memories will stay with me forever, no matter  
who else steps into my life. If you only knew how  
lucky I feel to have spent that week with you in  
Daytona you might understand me more. I know  
I am a very crazy person and you know who over—
